

About the Flame of Unity

The Flame of Unity was made for our Presbytery, and is in the shape of the seal of the Presbyterian Church (USA) with the addition of a candle. The Flame is rotated to a different church each Sunday, so that when a church “has” the Flame, the congregation knows that all the other churches within the Presbytery are praying for it. In this way we remember during our worship services the connectionalism of the Presbyterian Church (USA) as well as celebrating and praying for the churches within our own Presbytery family.

That connectionalism is vital as we celebrate the diversity of our Presbytery. Each Sunday, during your church’s worship service(s), please include in your prayers the particular church designated as the Flame Church, remembering and celebrating its life and its ministry.

The Flame of Unity is an important feature as we worship together, remembering that we are all children of our Creator God.
